APL CORPORATION PVT LTD

All Textile Solutions Under One Roof

ABOUT AGARWAL GROUP

AGARWAL GROUP a leading organization with a turnover exceeding 1500 crores, specializes in trading and importing a wide range of yarns. Led by founder **Shri Lokpriya Agarwal** and directors **Shri Pradeep Agarwal** and **Shri Vinay Agarwal**, the company leverages over 48 years of collective industry experience for competitive advantage in marketing and product placement.

Under the dynamic leadership of Pradeep Agarwal and Vinay Agarwal, APL Corporation diversified into manufacturing in 2016, forming a groundbreaking joint venture with the Goenka Group, producing 18000 MT/Year of Nylon-6 filament yarn. Additionally, AR Corporation, established in partnership with the renowned NDR Group of Surat in 2014, focuses on trading imported Viscose filament yarn from Jilin, China, replacing the Silk segment in India with high-value products.

ABOUT LOKPRIYA SPINNING MILLS

Lokpriya Spinning Mills, the latest venture of the Agarwal Group, specializes in producing 100% synthetic spun yarn, honoring Shri Lokpriya Agarwal's legacy. Guided by three generations of the Agarwal family, the mill aims to set industry standards in quality and technological innovation from its strategic location in Surat. Equipped with cutting-edge machinery such as Bale-Plucker, Autodoffing Speedframe and Ringframe, Linkconers with Lofe Clearers, and Evenness Testing UT-6 machine, our operations ensure exceptional performance and consistency. Starting with 30,000 spindles, we plan to expand to 1,00,000 spindles in 2 years.

WHY LOKPRIYA

At Lokpriya Spinning Mills, our mission and values propel us toward excellence with a customer-centric approach.

TRANSPARENT BUSINESS PRACTICES

With a history of honest and transparent dealings since our inception, we prioritize integrity and trust in all our business transactions.

CUSTOMER TRUSTED BRAND

Being a part of APL Group, Lokpriya Spinning Mills is not just a name, it's a customer-trusted brand that stands for reliability and quality assurance.
